

INLIPOR™
PHARMACEUTICAL COMPANY

LIPOVITAM 126

Complex dietary supplement
for food fortification

The presence of a natural source of iodine (kelp powder) in pro-liposomal form makes it possible to obtain **IODIZED BREAD** and any other bakery products.

Inlipor presents the pro-liposomal

LIPOVITAM 126 THAT IS AN ADDITIONAL SOURCE OF IODINE, BETA-CAROTENE, AND VITAMIN E.

BETA-CAROTENE (provitamin A)

serves as a vitamin A (retinol) precursor and is a powerful antioxidant. Moreover, this substance has immunostimulating and adaptogenic effects.

VITAMIN E (tocopherol)

is a physiological antioxidant that protects cell membranes, proteins, fats and DNA, trapping free radicals and preventing them from spreading in the body.

IODINE

is an essential micronutrient for humans, necessary for the synthesis of thyroid hormones, which control the development and functioning of the brain and nervous system, maintain body temperature, and regulate metabolism.

Composition:

sorbitol, linseed oil, kelp powder, vitamin E (tocopherol), Tween-80 E433 (emulsifier), ascorbic acid, beta-carotene.

Technical Specifications

10.89.19-006-39826265-2022

Registration number of the declaration of conformity:

EAEU N RU Д-РУ-PA03.B.14961/22

Registration date of the declaration of conformity:

21.04.2022

Manufacturer:

Inlipor LLC,
6, Mira str., office 305,
Almetyevsk, Republic of
Tatarstan, 423457

Manufacturing site:

36a, Sergey Titov str., bldg.
2, Naberezhnye Chelny,
Republic of Tatarstan, 423803

Organization authorized to accept consumer claims:

Inlipor LLC, 6, Mira str., office
305, Almetyevsk, Republic of
